# Quick Start Guide

Please read the full instruction manual thoroughly before use. It contains comprehensive usage instructions and important safety advice. This quick start guide only contains basic instructions.

## Step 1

Lift and remove the diffuser's outer cover

## Step 2

Lift and remove the tank cover.

## Step 3

Pour fresh, clean water into the tank, ensuring that the level is not higher than the "MAX" mark or lower than the "MIN" mark (on the inside of the tank). If desired, add 3-4 drops of essential oils into the full water tank (see page 11 of the instruction manual for suggestions).

## Step 4

Insert the USB power cable into the diffuser port and the power supply.

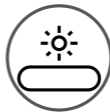

## Step 5

Short press the diffuse button to switch on/off the diffuser. The continuous spray function will

automatically start after switching on.

Long press the diffuse button (3 seconds) to switch between continuous and intermittent spray. The blue light will blink three times to indicate the spray mode shift.

## Step 6

To switch on the 7-colour changing mood light, press the light button.

To stop the moodlight on a certain colour, press the button again while that colour is on.

To turn off the mood light, press this button again.
